# MAZEN ISSA

Senior Software Developer

✉ m@mazin.is 📞 +971 (0) 56 429 7980  <http://ae.linkedin.com/in/mazinissa>

---

## Objectives

As a technologist and a problem solver, I want to use my highly technical skills as a developer to improve people's and businesses' lives.

## Experience

### Manager & Lead Developer | *Computat Technologies, UAE* | Dec 2016 – Present

Expanding the startup's software development operations. Exploring opportunities, writing proposals, managing, marketing, planning, and liaising with clients.

Web design and development using ASP .NET C#, JavaScript and the various front-end frameworks such as AngularJS. Native Android mobile app development in Java and using hybrid frameworks such as Cordova and React Native.

### Analyst Programmer | *AlMansoori Specialized Engineering, UAE* | Nov 2013 – Nov 2016

*Healthiest Person of the Year (2014)*

Built business information systems by engaging in all phases of the SDLC. Performed analysis and requirements gathering, problem solving, documentation, and support.

Primary technologies used: C#, ASP .NET MVC, Entity Framework, SQL Server, Active Directory, Crystal reports, JavaScript, CSS, HTML5. Worked on SharePoint 2013 dev & admin (on-premise)

### Software Developer | *Atypon Systems, Jordan* | Nov 2013 – Jun 2012

Worked on the front-end component of sites built on Literatum™, a comprehensive solution for publishers of digital content. Developed UI pages using Java Server Pages, XSL, HTML, CSS, JavaScript and jQuery using IntelliJ IDEA on Ubuntu.

Experimented with IntelliJ IDEA plugin system (to automate developer tasks).

### Intern Game Developer | *IN4MA, Jordan* | Jun 2012 – Nov 2012

Developed and maintained a 2D XNA Game from scratch in cooperation with a graphics designer. The game includes graph structures for maps and search-based AI techniques for path-finding (NPC movement).

### Intern Web / Sitecore Developer | *Tanasuk Technologies, Jordan* | Jul 2010 – Jul 2011

*Certified Sitecore Developer*

Developed backend database and business logic within a SCRUM team using Sitecore, ASP .NET MVC, Entity Framework, and jQuery. Performed R&D to test new technologies and dev tools using Visual Studio Extensibility to enhance the team's productivity.

## Education

BSc Computer Information Systems | University of Jordan, Jordan | Jan 2008 – Jan 2013

Graduated with Excellence, GPA 3.69/4.00

Microsoft Student Partner: technology leadership and education

Student Council Lecturer: taught C# and web development

## Trainings

SAP 101 Overview

SharePoint Administration

Project Management

Various Software Development and Design Courses

## Certifications

Microsoft Certified Professional, since 2013

Microsoft Certified Solution Developer (Web Applications)

Microsoft Certified Technology Specialist (C#)

Microsoft Certified Technology Specialist (ASP .NET MVC)

Microsoft Certified Technology Specialist (HTML5, JavaScript and CSS3)

Certified OutSystems Developer Associate

## Technologies

ASP .NET Web Forms + MVC | ADO .NET + Entity Framework | Advanced Linq | Web + Data Services | Office + Visual Studio Extensions | Automation | WPF + XAML | Win Forms

IIS | Windows Server Administration

T-SQL | SQL Server Administration

Android Development using Java | Apache Cordova | React Native

JavaScript, jQuery, ReactJS, AngularJS and other frontend frameworks and libraries

HTML5 | CSS | SCSS

WordPress
